Smart-Edu
Smart application for schools

Overview Smart Edu

Smart Edu powered by Saurin Technologies is a School/College ERP product with meticulous R&D, meaningful interaction with expert educators and medical practitioners. It's a unique combination of innovative ideas, software application and professional services. With Monthly/quarterly/half yearly visits by Doctor, Dietician, Child Psychologist and Motivator from reputed hospitals and nursing homes coupled with timely feedback from wellness counselling, both the school and parents can identify various factors that possibly be affecting the child's performance and enthusiasm in school through Nexteck-Smart Edu.
